*On-screen text: [3 KEY AREAS, BENEFIT PLAN, KNOW WHERE TO GO FOR CARE, TOOLS & RESOURCES]*

Let’s focus on three key areas: Your benefit plan, where to go for care, and tools and resources available to you.

*On-screen text: [BENEFIT PLAN]*

Now let’s get started. First stop, your benefits.

*On-screen text: [YOUR MEDICAL PLAN, YOUR POINT OF SERVICE PLAN. POS PLANS ARE DESIGNED TO OFFER FLEXIBILITY. CHOOSE HOW YOU WANT TO USE YOUR HEALTH PLAN BASED ON THREE BENEFIT TIERS. YOU CAN PICK THE BENEFIT TIER YOU WANT EACH TIME YOU ACCESS CARE. TIER 1 (HMO): CHOOSE A PRIMARY CARE PROVIDER (PCP) WHO LEADS YOUR HEALTH CARE TEAM, YOUR PCP WILL HELP WITH PREVENTIVE CARE, LAB ORDERS AND REFERRALS TO SEE SPECIALISTS SHOULD YOU NEED SPECIALTY CARE. TIER II (PPO): YOU CAN BYPASS YOUR PCP TO SEE A SPECIALIST OR DOCTOR IN NETWORK, BUT YOU SHARE MORE OF THE COST. THIS TIER HAS A LARGER PROVIDER NETWORK WITH ACCESS TO UNITEDHEALTHCARE’S CHOICE PLUS NATIONAL NETWORK. TIER III (OUT OF NETWORK): YOU CAN VISIT ANY LICENSED HEALTH CARE PROVIDER OR HOSPITAL. HOWEVER, YOU ARE RESPONSIBLE FOR PAYING ALL COSTS OF CARE AT THE TIME OF SERVICE,*

*FILING CLAIM FORMS FOR REIMBURSEMENT, MEETING A DEDUCTIBLE AND SHARING HIGHER COINSURANCE.]*

Your point of service medical plan is designed to offer flexibility. Your plan includes three tiers to choose from each time you seek care.

With Tier 1, your primary care provider, or PCP, is the leader of your health care team. He or she will help you with your health care services, including referrals to specialists. You must get a referral from your PCP before accessing specialty care under your Tier 1 benefit.

If you want to see a specialist directly, you can use your Tier 2 benefit. With Tier 2, you can bypass your PCP to see a specialist or doctor in network, but you share more of the cost. Tier 2 also has a larger provider network.

Your tier 3 benefit gives you the most freedom but at a higher price tag. With Tier 3, you can visit any licensed health care provider or hospital. But, you have to pay for services up front and fill out paperwork for reimbursement.

*On-screen text: [THE ABC'S OF A HEALTH PLAN, YOUR PLAN MAY HAVE ALL OR A MIX OF COPAYS, COINSURANCE, AND A DEDUCTIBLE. COPAYMENT: THE FIXED AMOUNT YOU PAY EACH TIME YOU SEE A NETWORK PROVIDER. DEDUCTIBLE: THE AMOUNT OF HEALTH COSTS YOU ARE RESPONSIBLE FOR BEFORE THE PLAN STARTS SHARING COSTS. COINSURANCE: THE AMOUNT SHARED BY YOU AND YOUR PLAN FOR HEALTH COSTS, CALCULATED AS A PERCENTAGE. OUT OF POCKET MAXIMUM: THE TOTAL AMOUNT OF HEALTH COSTS YOU ARE RESPONSIBLE FOR BEFORE YOUR PLAN PAYS 100% OF COVERED HEALTH COSTS FOR THE REST OF THE YEAR. GENERALLY, YOUR COPAYMENTS, DEDUCTIBLE AND COINSURANCE ARE INCLUDED.]*

Now, let's take a look at the ABC's of a health plan.

Your plan may have all or a mix of copays, coinsurance, and a deductible. How do these work?

A copayment, or copay, is the fixed amount you pay each time you see a network provider. Some plans require you to pay copays instead of meeting a deductible. Other plans may require you to pay both a copay and meet a deductible.

A deductible is the amount of health costs you are responsible for before the plan starts sharing costs. If you have a family, you may have both an Individual Deductible and a Family Deductible. Check your plan to see how cost-sharing works when you meet one or both deductibles. Some plans may not have a deductible but instead require copayments.

Coinsurance is the amount shared by you and your plan for health costs, calculated as a percentage. For example, your coinsurance may be 20% of the cost and your plan pays the rest of the cost of that health plan service.

Out of Pocket Maximum is the total amount of health costs you are responsible for before your plan pays 100% of covered health costs for the rest of the year. Generally, copays, your deductible, coinsurance, and covered network payments count toward this limit.

For information on your plan's copayments, deductible, coinsurance and out of pocket maximum, review your plan's summary of benefits and coverage.

*On-screen text: [YOUR PHARMACY COVERAGE]*

Next, we'll take a look at pharmacy coverage. Depending on your plan, you may have a 3 tier or 4 tier preferred drug list, also called a PDL or formulary.

*On-screen text: [YOUR PHARMACY COVERAGE, PREFERRED DRUG LIST (PDL) OR FORMULARY: A LIST OF PLAN-APPROVED DRUGS YOUR INSURANCE WILL HELP PAY FOR. VISIT HEALTHPLANOFNEVADA.COM AND SIGN IN TO: REVIEW YOUR PRESCRIPTION COVERAGE BENEFITS, FIND NETWORK PHARMACIES, REVIEW OUR PREFERRED DRUG LIST.]*

The PDL is a list of plan-approved drugs your insurance will help pay for. It also includes how cost sharing works in each tier of drugs.

Typically, each tier in a PDL is assigned a cost that you pay for any drugs listed in that tier. Tier 1 drugs are the least expensive, while Tier 3 and Tier 4 drugs have a higher cost share.

Find what tier your medications are on by reviewing your plan's PDL at HealthPlanofNevada.com. You can also look up in-network pharmacies and review your coverage benefits.
