Your 2026 Prescription Drug List

Advantage 3-Tier

Effective September 1, 2026

This Prescription Drug List (PDL) is accurate as of September 1, 2026, and is subject to change after this date. This PDL applies to members of our medical plans with a pharmacy benefit subject to the Advantage 3-Tier PDL. Your estimated coverage and copayment/coinsurance may vary based on the benefit plan you choose and the effective date of the plan.

Understanding your Prescription Drug List (PDL)

What is a PDL?

This document is a list of the most commonly prescribed medications. It includes both brand-name and generic prescription medications approved by the Food and Drug Administration (FDA). Medications are listed by common categories or classes and placed in tiers that represent the cost you pay out-of-pocket. Then, they are listed in alphabetical order.

How do I use my PDL?

You and your doctor can check the PDL to help you select the most cost-effective prescription medications. This guide tells you if a medication is generic or a brand-name, and if there are coverage requirements or limits that apply. Bring this list with you when you see your doctor. If your medication is not listed here, please visit your plan's member website or call the toll-free phone number on your member ID card.

About this PDL

Where differences exist between this PDL and your benefit plan documents, the benefit plan documents rule. **This PDL is not a full list of medications, and not all medications listed may be covered by your plan.**

What are tiers?

Tiers are the different cost levels you pay for a medication. Your plan sets a cost for each tier. This is how much you will pay when you fill a prescription. See page 5 for more information.

When does the PDL change?

PDL changes typically occur 2-3 times per year. However, changes that have a positive impact for you — such as coverage for new medications or cost savings — may occur at any time. You can log in to your plan's member website listed on your member ID card at any time to check your medication coverage and lower-cost options.

Why are some medications excluded from coverage?

We review treatments based on their total value, including how well they work, how safe they are, their cost and whether options are available to treat the same or similar medical conditions. Certain medications may not be covered or be subject to prior authorization (sometimes referred to as precertification)[1] if your plan covers other lower-cost medications. For example, there may be a lower-cost covered option or an over-the-counter medication that works the same way. In some cases, the same product can be made by 2 or more drug companies, but greatly vary in cost. In these instances, only the lower-cost product may be covered.

You should review your benefit plan documents to confirm if any medications are excluded from your plan. You can log in to your plan's member website listed on your member ID card at any time to check your medication coverage. Talk to your doctor to see if there are lower-cost options or over-the-counter medications available.

Who decides which medications are covered?

The UnitedHealthcare® Pharmacy and Therapeutics Committee, which includes both internal and external doctors and pharmacists, meets regularly to provide clinical reviews of all medications. Using this information, senior UnitedHealth Group® doctors and business leaders meet to evaluate overall health care value. They also set coverage and tier status for all medications.

1. Depending on your benefit, you may have notification or medical necessity requirements for select medications.

Medication tips

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent for a brand-name medication ends, the FDA can approve a generic version with the same active ingredients. These types of medications are known as generic medications. Sometimes, the same company that makes a brand-name medication also makes the generic version.

What if my doctor writes a brand-name prescription?

If your doctor gives you a prescription for a brand-name medication, ask if a generic or lower-cost option is available and could be right for you. Generic medications are usually your lowest-cost option, but not always. For some plans, if a brand-name drug is filled, and a generic is available, your cost-share may be the copayment PLUS the cost difference between the brand-name drug and the generic.

Over-the-counter (OTC) medications

An OTC medication may be the right option for some conditions. Talk to your doctor about available OTC options. Even though these medications may not be covered by your pharmacy benefit, they may cost less than a prescription medication.

What if I am taking a specialty medication?

Specialty medications are high-cost and are used to treat rare or complex conditions that require extra care and support. For most plans, these medications are managed through a specialty pharmacy. Take advantage of personalized support designed to help you get the most out of your treatment plan. To learn more, visit your plan's website or call the toll-free number on your member ID card.

Please note, not all specialty medications are listed here. If you're taking a specialty medication that is on a higher tier, call the toll-free phone number on your member ID card to talk with a pharmacist about finding lower-cost options.

Reading your PDL

The PDL gives you choices. This allows you and your doctor to decide your best course of treatment. In this PDL, brand-name medications are shown in UPPERCASE. Generics are in lowercase.

Tier information

Using lower-tier medications may lower your out-of-pocket cost. Your plan may have multiple or no tiers. Please note: If you have a high deductible plan, the tier cost levels may apply once you hit your deductible.

Drug Tier	Includes	Helpful Tips
Tier 1	$ **Lower-cost** Medications that provide the highest overall value. Mostly generic drugs. Some brand-name drugs may also be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
Tier 2	$$ **Mid-range cost** Medications that provide good overall value. A mix of brand-name and generic drugs.	Use Tier 2 drugs, instead of Tier 3, to help lower your out-of-pocket costs.
Tier 3	$$$ **Highest-cost** Medications that provide the lowest overall value. Mostly brand-name drugs, as well as some generics.	Ask your doctor if a Tier 1 or Tier 2 option could work for you.

Reading your PDL (continued)

Drug list information

In this drug list, some medications are noted with letters next to them to help you see which ones may have specific coverage requirements or limits. Your plan sets how these medications may be covered for you.

E	**May be excluded from coverage.** – There may be over-the-counter (OTC) or lower-cost covered options available.
H	**Health Care Reform Preventive** – This medication is part of a health care reform preventive benefit and is generally available at no cost to you.
H-PA	**Health Care Reform Preventive with prior authorization** – May be part of health care reform preventive benefit and available at no cost to you if prior authorization criteria are met.
PA	**Prior authorization (sometimes referred to as precertification)** – Requires your doctor to provide information about why you are taking a medication before your plan can decide how it may be covered.
QL	**Quantity limits** – The largest quantity of medication covered per copayment or in a defined period of time.
RS	**Refill and Save Program** – Save money on your copayment when you refill your prescription on time as prescribed. Program eligibility may vary.
SP	**Specialty medication** – Specialty medications treat complex or rare conditions and may require special storage and handling. You may have to get these medications from a specialty pharmacy.
ST	**Step therapy** – Requires prior authorization and may require you to try one or more other medications before the medication you are requesting may be covered.

Coverage details

Some drug classes in this PDL have other important coverage details. Review this list to see if drug classes that apply to you are noted. Please review your plan documents for coverage and cost-share.

- **Central nervous system: sedatives/hypnotics**
  Coverage is set by your prescription drug benefit plan.
- **Diabetes: blood glucose monitoring, insulin, non-insulin**
  Diabetic supplies and prescription medications may be subject to different cost-share amounts. Please see your Summary of Benefits and Coverage (SBC) for details.
- **Diabetes: continuous glucose monitors, sensors**
  Coverage is set by your prescription drug benefit plan. Diabetic self-management items, including continuous glucose monitors, may be covered under your pharmacy and/or medical plan.
- **Endocrine: growth hormone**
  Coverage is set by your prescription drug benefit plan.

Reading your PDL (continued)

- **Infertility**
  Coverage is set by your prescription drug benefit plan. Prior authorization (sometimes referred to as precertification) may be required.
- **Medications for sexual dysfunction**
  Coverage is set by your prescription drug benefit plan.
- **Termination of pregnancy**
  Coverage under the prescription drug benefit is set by your medical benefit plan. Please review your plan documents for benefit coverage, exclusions and cost-sharing. Find out more by calling the number on your member ID card.

Questions

For the most current list of covered medications or if you have questions:

Call the toll-free phone number on your member ID card

Visit your plan's member website listed on your member ID card to:

- View your pharmacy benefit and coverage information, including prescription history
- View medication interactions and side effects
- Locate a participating retail pharmacy by ZIP code
- Look up possible lower-cost medication alternatives
- Compare medication pricing and options

And, if home delivery services are included in your pharmacy benefit, you can also:

- Refill prescriptions
- Check the status of your order
- Set up reminders for refills
- Manage your account
